1. Introduction

This scheme will help support and maintain Malta’s creative and cultural ecology by enabling artists and cultural operators (whether they are organisations, collectives or freelance collaborations) to:

1. Restart their programming and production activity however possible
2. Operate in a sustainable manner even if circumstances require postponing the reopening of certain activities to the public.

Applicants will need to provide a proposed programme of activities that may include events, productions, performances, exhibitions, festivals, training and development initiatives in order to make the case for their costs. The scheme will allow for more financial and strategic flexibility, security, collaborations, innovative audience engagement, skills development and logistical service acquisition while minimizing risk of unexpected losses that occur due to unexpected restrictions related to public health or related matters. Cultural operators - whether they operate on a small, medium or large scale, - would be able to plan ahead in their programming while adapting to the new realities and taking into account the uncertainties in a strategic and financially feasible manner. Health and safety measures are to be given utmost importance, keeping in mind that these are contingent upon the situation in the respective periods.

This scheme will also enable compensation for any ticketed events forming part of the proposed programme which would have to operate below full seating capacity due to public health restrictions. The compensation will be equal to the difference between the projected ticket sales in circumstances without public health restrictions and the projected ticket sales with the current public health restrictions (which may vary over time). This will be calculated with a capping of €15 per ticket for each ticketed event.

4. Evaluation

The Evaluation Board will base its decision upon the following criteria:

4.1 Criterion 1: Concept (40 marks)

This criterion considers the artistic ideas(s) of the proposed programme of activities as well as its strategic vision, aims and objectives in relation to the applicant. This may also include the collaborations being proposed, the nature of projects and/or productions and/or events etc. whether they are regular or new, relevant background information on the applicant/s and feasibility and envisaged impacts of the programme/s. The application will also need to refer to any plans for professional development and capacity building that form part of the proposal. Thus the following questions are to be addressed:

- What is the artistic rationale and specific objectives that inform your proposed programme/s of activities? How is the proposal relevant to ACM’s overall strategic goals?
- What are the anticipated and desired outcomes of your proposal? How will you determine whether these outcomes are likely to be achieved or not?
- How do you think this proposal is relevant and challenging to your artistic development and that of your main collaborators? The applicant’s track record and that of the collaborators is required.
- Will the proposal take into considerations the new realities created by COVID-19 in terms of artistic practice and logistics? How and why?

4.2 Criterion 2: Project Management (20 marks)

This criterion considers the level of commitment and preparation prior to the funding application as well as the proposed plan to deliver your project and achieve the targeted objectives. Thus, the implementation timeline for deliverables and relevant timeframes need to be made evident and justified accordingly together with the relevant risk management. This is also applicable to applications that focus on activities that are primarily aimed towards the development and capacity building of the applicant/s. The following questions need to be addressed:

- How are you planning to deliver the proposed programme/s of activities? (e.g. timeframes, workplans, responsibilities, skills and track record of people managing projects, logistics plan)
- What is the degree of flexibility in the planning given the risks and uncertainties? What are the mitigation measures envisaged in view of the identified risks? (e.g. contingency plans, risk assessments, health and safety measures, possible adjustments that may take place)
- Are there any necessary permits, copyright issues and other legal, ethical and administrative matters to be addressed?

4.3 Criterion 3: Audience Engagement (20 marks)

This criterion considers the engagement and the development of established and/or new audiences. Engagement refers to the role, the nature of involvement in the programme of activities and the experience offered to the audience. Audiences may include internal and/or external stakeholder groups depending in the nature of the proposed programme of activities. For example, if the primary aim of the programme is towards capacity building, the audiences may include collaborators and any
other participants who are involved in the process. If the programme includes a series of public events or productions, the audiences may include members from the general public. This criterion emphasizes the level of engagement based on what is being proposed by the applicant/s in line with the following questions:

- Who are your target audiences (whether that is internal and/or external) and how will these audiences be reached?
- Can you provide an outline of the marketing, PR and communications plan as deemed relevant to the proposed programme/s of activities? Why did you opt for your chosen methods? (Note: communications plan also include internal dissemination which may not be at a public level)

4.4 Criterion 4: Budget (20 marks)

This criterion considers how well planned and realistic the presented budget plan is. It also considers efforts to secure funds from other sources. The following questions will need to be addressed:

- What are the budgeted costs that are both directly and indirectly linked to the delivery of the proposed programme/s of activities? (e.g. fixed costs that are ongoing such as maintenance as well as artistic fees for specific productions)
- What is the budgeted income for the proposed programme/s of activities? If no income is envisaged, what is the justification?

6. Evaluation process

This scheme is competitive and will be evaluated by a panel of three sectorial experts according to established criteria.

As specified above, each criterion is allocated a number of specific marks. In order to be considered for funding, projects have to obtain an average of at least 60 marks.

Nevertheless, the evaluation session and funding decisions depend on the quality of the submitted proposals and on the availability of the funds. Therefore, obtaining 60 marks or more does not automatically mean that you will be awarded the funds. The Evaluation Board may decide not to allocate the total funds available for a particular call if the proposed projects do not reach the required level in terms of the fund criteria.

Eligible applications will be assessed by an evaluation team selected by the Council on the basis of their professional experience. Arts Council Malta will select evaluators on the basis of their independent and professional experience. The evaluators will present an assessment on each of the proposed projects, indicating the relevant ratings awarded.

6.1 Shortlisting

The evaluation board will meet during an initial evaluation in which all the eligible applications will be discussed. All applications will be given a score and those scoring 60 marks and higher will be shortlisted. The shortlisted applications will be invited to attend a pitching session. The pitching session is not compulsory and it is up to the applicant to accept to attend the pitching session.
Shortlisted applicants who opt out from attending a pitching session will not be penalised.

It is solely at the evaluators’ discretion to invite any applicant scoring less than 60 marks, to attend a pitching session.

All applications including those that are not shortlisted will receive the official result notification together with a copy of the feedback form on the result date as indicated in page 2 of this document.

6.2 Pitching

The aim of the pitching session is to create an opportunity for applicants to further present their projects to the evaluators. The project applications would already have been reviewed by the evaluators and the Fund Managers before the pitching session.

During the session, the applicant has the opportunity of presenting comments, latest insights and additions to the already submitted project description.

The pitch can be presented in a variety of formats including but not limited to visual aids, Powerpoint presentation, audio etc… and should not be longer than five (5) minutes. During the pitch, applicants are expected to explain the project’s artistic vision and communicate how the project will be implemented. This five-minute pitch will be followed by a Q&A session with the evaluation panel.

6.3 Communication of results

On the day indicated on page 2, you will receive your result notification from Arts Council Malta. Together with the covering letter, we will also attach a copy of the evaluation form, indicating the reasons and marks leading to the Evaluation Board’s decision, according to the fund criteria.

The order of classification of the projects, according to the marks allocated by the evaluators, will be published online. Only the names of the successful projects will be published; in the case of projects which have not been awarded any funds, only their reference number will be published.

If you have any difficulties concerning your results, you should email us on fundinfo@artscouncil.mt within five (5) days of receiving your funding decision.

No information on the evaluation process will be released before the official result notification. Any form of soliciting will automatically disqualify an application.

All information received by the Senior Fund Executive, Fund Manager and Evaluators will be considered confidential, both during and after the evaluation process. Provisions on data protection and confidentiality for successful projects will be included in the Grant agreement.
7. Project implementation and monitoring

Beneficiaries must provide full documentation to support the application and budget plan within 30 days from receipt of the notification letter. The Council will accept a variation of up to 5% from the proposed total cost. The contingency indicated in the budget plan will support any variations from the proposed total cost. Under no circumstances will the Council be in a position to increase the grant awarded.

Upon provision and approval of the above mandatory documentation, a contract specifying the conditions of the fund will be signed. The grant may only be awarded upon completion of the above process within the established timeframe.

70% of the total amount allocated by the Evaluation Board will be processed after the signing of the contract. The remaining 30% will be disbursed after the submission of the final report by the beneficiary, following approval by Arts Council Malta.

The beneficiaries must use the Arts Council’s logo on all related material and specify that the project was supported by the grant as follows: Supported by Arts Council Malta, in all marketing, PR and printed material. The grant received must be used solely for the purpose for which it was awarded, in line with the submitted proposal and the contract.

Beneficiaries must notify Arts Council Malta immediately if changes affecting the nature of the project take place during implementation. Changes cannot be implemented unless approval is received. Arts Council Malta reserves the right to revise or withhold the final payment if the change in the project is not considered to be in line with the initial proposal, or if the Council is not informed of the changes within a reasonable time.

Beneficiaries must make themselves available for visits and communication with Arts Council Malta representatives for monitoring purposes both during the implementation of the project as well as after its completion.

Arts Council Malta also reserves the right to revise the final payment if the total expenditure is less than that estimated in the application form.

Applicants can make a complaint regarding procedural anomalies and irregularities during the submission and evaluation process in terms of the procedures stipulated in these guidelines and regulations. Complaints cannot be made concerning:

- The Arts Council’s or Government’s policies and procedures
- The merits of the application in terms of the criteria stipulated in these guidelines and regulations

Only applicants may file complaints concerning their project.

8.2 Filing a complaint

Complaints must be made in writing and must be as clear as possible. The complaint must state the grounds and the reasons for the complaint, providing a detailed explanation and justification supported by relevant documentation or testimonials as to why the complainant deems that irregularities were committed in the procedure/s stipulated in these guidelines and regulations or in standard good governance rules and regulations governing the public sector. The decision at the end of the complaint process shall be final. Complaints need to be made to the Director of Funding and Strategy, Arts Council Malta within five (5) working days of receipt of your funding decision. 9. Applicability of State aid rules

9.1 State Aid rules applicable for undertakings that carry out an economic activity within the meaning of Article 107 TFEU

This Regulation applies to aid granted to undertakings in all sectors, with the exception of:
a) aid granted to undertakings active in the fishery and aquaculture sector, as covered by Council Regulation (EC) No 104/2000;
b) aid granted to undertakings active in the primary production of agricultural products;
c) aid granted to undertakings active in the sector of processing and marketing of agricultural products, in the following cases:
   i. where the amount of the aid is fixed on the basis of the price or quantity of such products purchased from primary producers or put on the market by the undertakings concerned;
   ii. where the aid is conditional on being partly or entirely passed on to primary producers;
d) aid to export-related activities towards third countries or Member States, namely aid directly linked to the quantities exported, to the establishment and operation of a distribution network or to other current expenditure linked to the export activity;
e) aid contingent upon the use of domestic over imported goods.

The total amount of de minimis aid granted to a single undertaking shall not exceed the amount of €200,000 over any period of three consecutive fiscal years.

This period covers the fiscal year concerned as well as the previous two fiscal years. ‘Fiscal year’ means the fiscal year as used for tax purposes by the undertaking concerned.

This maximum threshold would include all State aid granted under this aid scheme and any other State aid measure granted under the de minimis rule including that received from any entity other than Arts Council Malta. Any de minimis aid received in excess of the established threshold will have to be recovered, with interest, from the undertaking receiving the aid.

The rules on cumulation of aid as outlined in Article 5 of the de minimis Regulation will be respected.

Applicants are to submit a de minimis declaration indicating any other de minimis aid received or applied for during the previous two fiscal years and the current fiscal year. This will ensure that the total amount of de minimis aid granted to a single undertaking under the de minimis rule will not exceed the applicable de minimis threshold over three fiscal years.

Should a successful applicant not be eligible to receive de minimis aid, the said applicant will be deemed ineligible and the next ranked applicant will be awarded.

In line with the de minimis State Aid Regulation, records regarding de minimis aid shall be maintained for 10 years from the date on which the last individual aid is granted under the Scheme.

9.2 Applicants and applications that do not carry out an economic activity within the meaning of Article 107 TFEU

Applicants and applications that do not carry out an economic activity within the meaning of Article 107 TFEU may also apply for the scheme. The rules outlined in section 9.1 are not applicable in the case of such applicants and applications.
