Beneficiary

Evaluator

Arts Council Malta/Teatru Malta shall appoint an evaluation team.

1. What is the Theatre Spaces Funding Scheme?

Following the identification of seventy-two theatres in Malta in a national survey, Spazji Teatrali – A Catalogue of Theatres in Malta and Gozo was launched. The study aimed at evaluating the state of theatre buildings in Malta and Gozo and outlined the features of the theatres listed as well as the potential use of these spaces for anyone interested in performing there.

2. What are the objectives of the fund?

This fund is designed to ensure that there is a legacy to the survey mentioned above. The objectives of the grant are:

- To offer the financial means to make improvements in the selected spaces, leading to the spaces becoming both functional and more professional;
- To encourage decentralisation in the use of theatre spaces in the Maltese Islands by diversifying areas, audiences and opportunities;
- To accommodate individual performers and performing arts practitioners including companies with rehearsal, workshop and performing spaces;
- To maximise on the opportunity for the sustainability of artistic work.

3. What will this fund support?

The fund can cover up to 80% of the eligible costs up to a maximum of €20,000 per project. The project needs to take place within 12 months from the final result notification date.

Applicants need to make sure that the idea proposed contributes towards securing a vision for the space. This will be discussed and further elaborated upon during discussions with Arts Council Malta/Teatru Malta.

Eligible costs for this fund include any improvement and/or refurbishment expenses aimed at developing the space to become more in line with current professional standards. Examples of projects which this scheme may support include studio plastering, stage flooring, purchase of curtains and technical equipment, works facilitating access, health and safety, soundproofing and acoustic improvement among, others.

The scheme cannot support core structural works (such as actual building and any component or part of an assembly, which provides any necessary supporting structure to the whole or any part of the building) and also cannot support the actual implementation of projects as part of the theatre's artistic programme.

Official documentation in support of the budget

In order to support the proposal, you need to provide copies of any relevant quotations that can give an indication of estimated costs. Whenever quotations cannot be supplied, a

5. How will the successful proposal be selected?

The process is divided into three main parts:

1. Submission of proposal;
2. Pitching session and discussion leading to the preliminary results;
3. Discussion and finalisation of a collaboration agreement.

Following submission of the proposal by the deadline set, applicants will be requested to present the idea to the evaluation board – made up of Teatru Malta and Arts Council Malta representatives – for a pitching session. During the session, applicants will present the outline of the idea and discuss its possible development with the board.

6. What are the criteria of the fund?

These are the criteria which the board will be considering when selecting the best proposals out of those submitted:

- The level of relevance of the works proposed to the space in question;
- The level of opportunity which the works offer in terms of making the space more functional and fulfilling the aims of the scheme;
- The level of opportunity which the project offers in terms of creating a space which fulfills a particular need as identified by Teatru Malta. This will be discussed in a more thorough manner during the pitching session;
- The details relating to the level of commitment and preparation as well as the proposed plan to deliver the project in the timeframe set based on the application presented. How well-planned and realistic the presented budget is.

Following the board's decision and the issuing of preliminary results, the beneficiary and Arts Council/Teatru Malta shall agree on a collaboration agreement based on the submitted proposal, which secures a vision for the space.

The amount to be allocated is at the discretion of Arts Council Malta/Teatru Malta, however the grant cannot exceed €20,000 per project.

Following this process, the agreement will be finalised and countersigned.

The names of the successful beneficiaries shall be announced publicly and uploaded on the Arts Council Malta and Teatru Malta's websites.

7. The evaluation process.

This fund is competitive and will be evaluated according to the established criteria.

In order to be considered for funding, eligible applications have to obtain an average mark of at least 60.

Nevertheless, the evaluation session and funding decisions depend on the level of competition and on the availability of the funds. Thus, obtaining 60 marks or more does not automatically mean you will be receiving the funds. The evaluation board may decide not to allocate the total funds available for a particular call if the proposed projects do not reach the required level in terms of the fund criteria.

The order of classification of the projects, according to the marks allocated by the evaluators, will be published online. Only the names of the successful proposals will be published. In the case of proposals which have not been awarded any funds, only their reference number will be published.

The evaluation board might require clarifications from the applicant during the evaluation sessions, however, this does not mean that the project will necessarily be funded. All correspondence will be sent by the Arts Council's/Teatru Malta representatives.

8. What happens after you submit your application form?

Proposals will first be screened in terms of eligibility. Proposals which are not eligible in terms of the procedure stipulated by these guidelines will not be processed further and will not undergo evaluation.

After you submit the application form to Arts Council Malta/Teatru Malta, an evaluation board will evaluate the project. Applicants will be requested to meet the evaluation board and explain their idea further. You will receive your result notification from Arts Council Malta/Teatru Malta on the date indicated in the submission timeframes.

Together with the covering letter, we will also attach a copy of the evaluation form indicating the reasons and marks leading to the evaluation board's decision, according to the fund criteria.

If you have any further difficulties concerning your results, you may email us on hello@teatrumalta.org.mt within five (5) days of receiving your funding decision.

9. Communication of results.

The results will be issued on the date indicated in the submission timeframes. No information on the evaluation process will be released before the official result notification. **Any form of soliciting will automatically disqualify an application.**

All information received by Arts Council Malta/ Teatru Malta will be considered confidential, both during and after the evaluation process.

Provisions on data protection and confidentiality for successful projects will be included in the grant agreement.

Application packages will not be returned after the evaluation process.

10. Complaints procedure.

Grounds for complaints

Applicants may submit a complaint regarding procedural anomalies and irregularities during the submission and evaluation process in terms of the procedures stipulated in these guidelines and regulations. Complaints cannot be made concerning:

13.1. De minimis aid.

13.1.1. De minimis aid in the arts.

13.1.1.1. De minimis aid in the arts.

This scheme is being implemented in line with the Commission Regulation (EU) No. 1407/2013 of 18 December 2013 on the application of Articles 107 and 108 of the Treaty on the Functioning of the European Union to de minimis aid (the de minimis regulation).

Assistance may not be awarded to the following:

1. Undertakings active in the fishery and aquaculture sector, as covered by Council Regulation (EC) No. 104/2000;
2. Undertakings active in the primary production of agricultural products;
3. Undertakings active in the sector of processing and marketing of agricultural products, in the following cases:
 - i) Where the amount of the aid is fixed on the basis of the price or quantity of such products purchased from primary producers or put on the market by the businesses concerned;
 - ii) Where the aid is conditional on being partly or entirely passed on to primary producers;
4. Aid to export-related activities towards third countries or EU member states, namely aid directly linked to the quantities exported, to the establishment and operation of a distribution network or to other current expenditure linked to the export activity;
5. Aid contingent upon the use of domestic over imported goods.

The total amount of de minimis aid granted to a single undertaking shall not exceed the amount of €200,000 over any period of three consecutive fiscal years. This period covers the fiscal year concerned as well as the previous two fiscal years. 'Fiscal year' means the fiscal year as used for tax purposes by the undertaking concerned.

This maximum threshold includes all state aid granted under this aid scheme and any other state aid measure granted under the de minimis rule including that received from any entity other than Arts Council Malta. Any de minimis aid received in excess of the established threshold will have to be recovered, with interest, from the undertaking receiving the aid.

The term 'single undertaking' is defined as follows:

Single Undertaking includes, for the purposes of this regulation, all undertakings that have at least one (1) of the following relationships with each other:

1. one (1) undertaking has a majority of the shareholders' or members' voting rights in another undertaking;
2. one (1) undertaking has the right to appoint or remove a majority of the members of the administrative, management or supervisory body of another undertaking;
3. one (1) undertaking has the right to exercise a dominant influence over another undertaking pursuant to a contract entered into with that undertaking or to a provision in its memorandum or articles of association;

continued →

4. one (1) undertaking, which is a shareholder in or member of another undertaking, controls alone, pursuant to an agreement with other shareholders in or members of that undertaking, a majority of shareholders' or members' voting rights in that undertaking.

Undertakings that have any of the relationships referred to in points (a) to (d) of the first subparagraph through one or more other undertakings shall also be considered to be a single undertaking.

The same regulation states that a group of linked undertakings is considered as one single undertaking for the application of the de minimis rule, but that undertaking which has no relationship with each other except for the fact that each of them has a direct link to the same public body or bodies are not treated as being linked to each other. The specific situation of undertakings controlled by the same public body or bodies, which may have an independent power of decision, is therefore taken into account.

In terms of Article 5 of the de minimis Regulation, de minimis aid granted under this scheme may be cumulated with de minimis aid granted in accordance with Commission Regulation (EU) No 360/2012 up to the ceiling laid down in that regulation. It may be cumulated with de minimis aid granted in accordance with other de minimis regulations up to the relevant ceiling fixed in terms of these guidelines.

De minimis aid awarded under this scheme shall not be cumulated with state aid in relation to the same eligible costs or with state aid for the same risk finance measure, if such cumulation

exceeds the highest relevant aid intensity or aid amount fixed in the specific circumstances of each case by a block exemption regulation or a decision adopted by the European Commission. De minimis aid which is not granted for, or attributable to specific eligible costs may be cumulated with other state aid granted under a block exemption regulation or a decision adopted by the commission.

The de minimis declaration form must be filled in and submitted together with the application form.

Should a successful applicant not be eligible to receive de minimis aid, said applicant will be deemed ineligible and the next ranked applicant will be awarded.

In line with the de minimis State Aid regulation, records regarding de minimis aid shall be maintained for 10 years from the date on which the last individual aid is granted under the scheme.
